### Location! Location! Location! an old adage still true today.

A genuine short stroll to High Street Boonah. Across the road from Churches. This genuine timber home is low set at the front & high at the rear. It had quite a bit of internal work in relevantly recent times and as such has a decent eat in kitchen, 2 nice bath rooms, 4 bed rooms & extra large lounge/living area. Features include Polished timber floors in living areas, high ceilings & vj walls just to mention a few. Give this "old girl" a coat of paint & be amazed at the transformation.
