On the very edge of Boonah is an elevated position

On the very edge of Boonah is an elevated position. Taking pride of place is a low set "cottage style" home. There is a homey kitchen, living area, 2 bath rooms & a lovely deck to take advantage of the fabulous views. A de-mountable structure adjacent to the house may possibly provide extra accommodation. Several rain water tanks provide domestic water. Trickle feed town water is connected as well as one stock water dam. This is a very exciting package given it's proximity to everything that Boonah & surrounds have to offer. Good schools & great life style.

Price: \$360.00

Property Type: Acreage/Semi-Rural
