## A touch of history.

The shed where the local blacksmith plied his trade still stands on this great 4,047 m<sup>2</sup> block. As does the highset w/board home, nice kitchen, separate dining/ living area, main b/room, office or 2nd b/room. The crows ash floors have recently been polished. 5,000 gal.poly rainwater tank.. A character slab shed also stands in the well cared for landscaped surrounds. A perfect spot for an artistic person to set up shop?
