Stylish & Charming

Charming to look at and even better on the inside.

Stylish, light and bright this home offers rich polished timber floors throughout with ample sized bedrooms - the master has walk-in robes and ensuite. A formal lounge dining room, open plan kitchen, family room with slow combustion fire place. A good sized timber deck overlooks the mountain views.

A huge garage occupies the street level of this corner block with room for workshop and vehicles. Plenty of storage space down here which could be converted into a studio or rumpus room.

Good side access.
