## BOONAH

3  1  2 

Absolutely one of the nicest positions in Boonah. This north-easterly facing brick home features a large patio to capture the morning sun while affording good protection from the west. It has 3 bedrooms; spacious kitchen, dining & lounge rooms; parking for 2 cars; large inground rainwater tank; large greenhouse; reverse cycle air conditioning and lots of storage space. No better retirement or first home than this.
