ENJOY NATURE'S WONDERS

Almost one and a half treed acres in a quiet cul-de-sac just minutes from shops, school, medical centre and resort. This peaceful home site has town water, sealed road and electricity passing. Some of the trees have been cleared at the front of the block and the remainder is a haven for wildlife and birds. Hidden by trees, but to the rear is the Kooralbyn golf course, so if you are into golf, this block is just perfect. Bring the kids and join me for a stroll through the natural bushland you can afford to call home.

Price: REDUCED TO \$75,000!!!
