259 Black Gully Road PALEN CREEK, QLD

310 m2

An Absolute Ripper

A ripper 310 acres on the outskirts of Rathdowney. With a mixture of forest and scrub country grazing this property certainly has a lot of wow factors about it. Large acreage is very hard to find and with great access and only approximately 30 minutes to Beaudesert you have everything at your fingertips. A good set of steel yards with loading ramp and head bail, a good quality bore (1,000g/hr approx) pumps to a header tank which feeds troughs in the yards, there are also small creeks and gullies running through the property. The property is well fenced with good tracks around the property to get you to all locations. There is some absolute stunning scenery from various locations throughout the property. A must see and will be sure to impress.

Contact agent for further details.

Price: \$750,000.00

Property Type: Rural
