1677 Carneys Creek Road CARNEYS CREEK,

137 m2

Absolutely unique rural lifestyle acreage.

This large portion of land (137 acres) has a great covering of timber & would be ideal for the person who would like to lose themselves in this beautiful part of the Scenic Rim. There is a small shed & a rain water tank situated on an elevated & near level part of the property which offers fantastic views to the north & east. An even higher vantage point offers greater views again back to the Scenic Rim ranges.. There is a small seasonal dam on the property. We do not believe that there is another one quite like this. Arrange an inspection today. \$350,000

Price: \$350,000.00

Property Type: Rural
