Blocks Like This Are Becoming Very Rare

If you are looking to find a weekend getaway or a rural block to build your dream home on then this will tick a lot of boxes. A great 97 acre block with a lovely spring fed creek running through the property, an unequipped bore and power close by with good road frontage and only 30 minutes to Beaudesert and 10 minutes to Rathdowney. Country ranges from some nice flat useable country at the front and rising to some steeper ridge country with plenty of room to run some cattle or horses. The property has some great views up and down the valley from some great viewing areas. There are some nice valleys with a large amount of wildlife and many species of plants.
