You must view this property as words can not describe it sufficiently. We have an extremely high opinion of this rather unique property which is located an easy 15 minute's drive south of Boonah & less than 5 minutes to beautiful Lake Maroon. (Fishing & Skiing.) The 58 acres of mostly natural bush land is bisected by the prettiest little creek with rock pools & natural little water falls. The real prize is the beautiful home nestled in amongst extensive gardens with established mature trees. Just walk in through the door & the north facing view is amazing. The 5 b/room home is on 2 levels with kitchen, living areas, 2 b/rooms, bath room & laundry on the lower section. Living areas & bed rooms all open on to the wrap around veranda which has a 3.6 metre deck. Upstairs to another 3 b/rooms office & storage. The home has so many features with much use made of timber,
