The top of the world - it seems like that anyway. Right in the heart of the famed Brigalow belt between Roadvale & Kalbar.

There is 40 acres of choice scrub soil with a lovely lowset brick home sited on the highest point. The 270 degree view is uninterrupted over the farming & grazing country to the famed Scenic Rim. (Great Dividing Range.) The very comfortable home has 4 b/rooms, nice kitchen & bathroom, spacious living area, large laundry, single garage with auto door & full length verandah at the front.

Domestic water is provided from numerous rain water tanks. There is a good array of sheds including two very strong metal sheds one of which has power connected & a concrete floor. A serviceable set of timber
