

78 Croftby Road MOOGERAH, QLD

2 1 2 50 m2

Potential! Potential! Potential.

Could be a lifestyle property or a little farming venture. This 50 acres of land is located only minutes away from Lake Moogerah. In another lifetime it was developed as a cray fish farm & unfortunately this is no longer happening. An enormous amount of money was expended in creating the numerous ponds & infrastructure. A large shed is kitted out to provide comfortable accommodation. There is a well on the property along with a large dam to capture surface water. Approx 15 acres is under cultivation. Various other farm type sheds are in existence. The property has a long frontage to a creek. Mains power is connected and some solar panels are also in existence. Land line telephone is also connected. Offered in 'as is condition'. An interesting property!

Price: \$500,000.00

Property Type: Rural
