Treasured Family Farm Homestead

Nestled among various trees and shrubs you find a well looked after family home. This is the base for what could be a very versatile farm, as existing infrastructure is already in place. The layout of this homestead is a 2 bedroom + 2 sleepouts with an eat in kitchen and an open plan living/dining area. The farm is currently using stock water provided by the neighbouring property but might have potential for bore or dam sites.

Price: \$870,000 + GST if applicable
