

Rathdowney, QLD

 258.5 m2

Absolute life style property

Rarely does the opportunity arise to purchase such an enormous property for a very reasonable price. The land area is 258.5 hectares (638.75 acres). The country is very much in its natural state and with the flora and fauna on offer will suit the conservationists among us. With plenty of elevated areas there are some lovely views on offer even if filtered by large trees in places. The property is partially fenced. Some small dams are in place. Locality is approximately 30 minutes south of Boonah and a short drive to the village of Rathdowney.
